DID YOU KNOW: Each AMGP student receives a full-board four-year scholarship. Access to high school minimizes her risk of childhood marriage, pregnancy and HIV, and enables her to pursue a career and independence as an adult.

"If not for the AMGP, I'd not have a dream. I will not let you down. I will become a role model to my younger siblings. May God Bless You!"

- Pamela Kaparo, 1st year student, Masai Mara University

"I'd be married by now, with a few children of my own. I know many girls from my primary school who are already married and with children. They lacked fees to continue their education but I was lucky. I am grateful for the AMGP scholarship. Through it, joined St Francis Girls high school on 13th Feb 2015. I am now in MY final year of high school. I want to become a civil engineer. I love Mathematics, Chemistry and Physics. As an engineer, I will help the Maasai community develop infrastructure including roads and facilities."

- Florida Kaipei - Form 4 - St Francis Girls High School, Dol Dol

"I have seven siblings. I am the 5th child. As a Maasai girl, I am expected to pass through rites of passage including FGM and early marriage. I was very lucky when my mother decided to take me to school even though she is a single parent with no money. In school, I play netball and I run. I love history lessons and I want to become a Lawyer. I want to understand more about my culture and that of others. I want to help my community fight bad practices like FGM."

- Susan Munyarot - Form 4 - St Francis Girls High School, Doldol
