# THANK YOU!

This year, the Amazing Maasai Girls Project celebrates sending our **78th student** to high school since our beginnings in 2011. We were delighted to see Year 8 of the **Amazing Maasai Marathon** and Year 5 of the **Global Run**, bringing together runners from cities worldwide in solidarity & support of Girls' Education. Heartfelt thanks to the very many individuals, teams and corporations that contributed this year. Your generosity has given more smart young ladies the chance to pursue their ambitions, while staying safe in school. Not only does secondary school reduce their chances of succumbing to childhood marriage & motherhood and HIV, but also fundamentally alters their trajectories.

In fact, 7 AMGP graduates have been attending college this year - an impressive feat, given the extremely limited resources of their families. The drive and ambition of these young women to improve the futures of their families and communities is incredible.

**WHAT'S NEXT?** Look out for news on the establishment of the AMGP College Fund in 2019.
